

Willowed Whispers

Sunset Serenade 1

This is Part One of three recordings made throughout the evening of July 27 near the Spring Run footbridge. The dominant sounds heard were House Sparrows and airplanes. The photograph was not taken the same day.

This panel is hidden after folding

INSTRUCTIONS **Print on 24 lb. paper.** Cut on dots, fold on hyphens. **Begin** with bottom edge, cutting only enough below the dots so that they remain visible for when you later trim the sides. **Then** cut just above the top-edge dots in a similar manner. **Next**, align the hyphens over the sharp edge of your paper cutter and use finger pressure to score the three folds. **Finally**, trim both sides on the dots. **Fold** into a triangle, with the fourth panel behind the first. Use two small pieces of double-sided tape to hold it together.
